About G Construction

Engineering High-Rise RCC Structures Since 2008

Introduction

G Construction is a Mumbai-based RCC structural contracting company specializing in high-rise residential, commercial, hospitality, institutional, and mixed-use developments. Since 2008, we have partnered with leading developers to deliver reinforced concrete structures with engineering precision, disciplined execution, and uncompromising quality.

Our Expertise

Our expertise lies in end-to-end RCC structural execution, including labour contracting, shuttering systems, reinforcement, concrete works, and project coordination. Backed by experienced engineers, supervisors, and a workforce of over 400 professionals, we consistently deliver projects within demanding schedules without compromising structural quality.

Our Commitment

Every project is executed with a commitment to engineering excellence, transparent communication, rigorous quality control, and uncompromising safety standards. We strive to build long-term partnerships by delivering dependable execution, on-time performance, and structures that stand the test of time.

Our Journey

Building Excellence Since 2008

From a single landmark project to becoming a trusted RCC structural contracting partner for leading developers across Mumbai, our journey has been driven by engineering excellence, disciplined execution, and an unwavering commitment to quality. Every milestone reflects our continuous growth, strengthened capabilities, and dedication to delivering reinforced concrete structures that stand the test of time.

2008 — The Beginning

A Vision Takes Shape

Founded by Mr. Jitendra Sahani, G Construction was established with a vision to deliver reliable, high-quality RCC structural contracting services. Our journey began with the successful execution of the IBIS Hotel project in Vile Parle, laying the foundation for our reputation in Mumbai's construction industry.

2011 — Building Trust

Expanding Through Performance

During our early years, we successfully delivered projects including IBIS Hotel, Vijay Nagar Society, and Trishul Heights. These developments strengthened our technical expertise and earned the confidence of leading developers through consistent quality and timely execution.

2015 — Growing Stronger

Delivering Larger and More Complex Projects

As demand grew, G Construction expanded into larger residential and commercial developments. Projects such as Target Mall and Harsh Residency (G+23) showcased our ability to execute high-rise RCC structures while maintaining strict quality, safety, and project timelines.

Our Journey

2017 — Strengthening Capabilities

Scaling with Experience

This phase marked significant organizational growth. Landmark projects including Maruti Bhavan and Jariwala Mansion demonstrated our expertise in executing complex RCC structures with disciplined planning, experienced supervision, and a growing technical workforce.

2026 — Engineering the Future

Building Mumbai's Skyline

Today, G Construction continues to deliver high-rise RCC structures for renowned developers through projects such as Veena Smart Homes, Raj Riddhi Residency, Paranjape Athena, Shrishti Residential, and Common Wealth CHS. With 2.2+ million sq.ft of executed construction, 25+ projects, and a 400+ member workforce, we remain committed to engineering excellence and building long-term partnerships across Mumbai.

2026 — Engineering the Future

Building Mumbai's Skyline

Today, G Construction continues to deliver high-rise RCC structures for renowned developers through projects such as Veena Smart Homes, Raj Riddhi Residency, Paranjape Athena, Shrishti Residential, and Common Wealth CHS. With 2.2+ million sq.ft of executed construction, 15+ projects, and a 400+ member workforce, we remain committed to engineering excellence and building long-term partnerships across Mumbai.

2026 — Engineering the Future

Building Mumbai's Skyline

Today, G Construction continues to deliver high-rise RCC structures for renowned developers through projects such as Veena Smart Homes, Raj Riddhi Residency, Paranjape Athena, Shrishti Residential, and Common Wealth CHS. With 2.2+ million sq.ft of executed construction, 25+ projects, and a 400+ member workforce, we remain committed to engineering excellence and building long-term partnerships across Mumbai.

Mission, Vision & Core Values

MISSION

To deliver high-quality RCC structural contracting solutions that exceed client expectations through engineering excellence, disciplined execution, uncompromising safety, and timely project delivery while creating lasting value for our clients and communities.

VISION

To be Mumbai's most trusted RCC structural contracting company, recognized for engineering excellence, operational reliability, innovation, and the successful delivery of durable high-rise structures that shape the city's future skyline.

CORE VALUES

INTEGRITY

We conduct every project with honesty, transparency and accountability.

SAFETY

A zero-compromise safety culture is engineered into our site execution and planning.

QUALITY

We deliver structural superiority through rigorous standards and skilled craftsmanship.

COMMITMENT

We honour our mmdates through reliable resowce management and timely delivery.

INNOVATION

We leverage modern construction methodologies to optimize efficiency, speed, and durability.

CLEINT PARTNERSHIP

We cultivate enchiring relationships rooted mutual trust and consistent, high•yield performance.

Leadership & Experience

Leadership That Drives Excellence

At G Construction, our leadership is defined by technical expertise, disciplined execution, and an uncompromising commitment to quality. Every project is managed with precision, ensuring safety, timely delivery, and lasting client satisfaction. Our experience across residential, commercial, industrial, and institutional developments enables us to deliver dependable construction solutions at every scale.

Jitendra Sahani
Founder & Owner

With over 20 years of experience in RCC structural contracting and civil construction, Mr. Jitendra Sahani has built a reputation for delivering projects with engineering precision, operational excellence, and uncompromising quality standards.

He has successfully led the execution of high-rise residential towers, commercial developments, hospitality projects, educational institutions, industrial facilities, and large-scale RCC structures across Mumbai and the Mumbai Metropolitan Region (MMR).

His leadership philosophy emphasizes meticulous planning, workforce development, stringent quality control, and a safety-first approach. Every project is executed with close attention to technical accuracy, efficient resource management, and seamless coordination between clients, consultants, and project teams.

Under his guidance, G Construction continues to strengthen long-term client relationships by consistently delivering reliable, high-quality construction solutions that meet timelines, exceed expectations, and stand the test of time.

"WE BELIEVE EVERY STRUCTURE IS MORE THAN CONCRETE AND STEEL—IT IS A COMMITMENT TO QUALITY, SAFETY, AND LASTING VALUE."

— JITENDRA SAHANI
FOUNDER & OPERATIONS HEAD

Our Team

Building Excellence Through Experience

At G Construction, our strength lies in the people behind every successful project. Our team consists of experienced engineers, site supervisors, skilled craftsmen, and dedicated construction professionals who work together to deliver safe, high-quality RCC structures. With a commitment to precision, teamwork, and continuous improvement, we ensure every project is executed efficiently while meeting the highest industry standards.

Leadership

Our leadership team brings years of practical construction experience, guiding every project with a strong focus on quality, safety, and client satisfaction.

Engineering Team

Our qualified engineers oversee structural execution, technical planning, quality control, and project coordination to ensure every stage of construction meets approved specifications.

Skilled Workforce

Our skilled workforce includes carpenters, steel fixers, masons, concrete workers, helpers, and machine operators who execute RCC works with precision and professionalism.

Our Commitment

Every member of the G Construction team shares a common commitment to delivering projects with Quality, Safety, Integrity, and Timely Execution. Through collaboration, technical expertise, and disciplined site management, we consistently deliver reliable RCC construction solutions that exceed client expectations.

Team Highlights

Experience	Workforce	Projects
15+ Years	400+ Personnel	20+ Completed & Ongoing

OUR WORKFORCE

Skilled Manpower. Reliable Execution.

The strength of G Construction lies in its highly experienced workforce. Our teams are trained to execute RCC structural works efficiently while maintaining the highest standards of safety, productivity, and workmanship.

Workforce Composition

Role	Strength
Engineers	5
QA/QC Engineer	4
Safety Officer	4
Site Supervisors	8
Carpenters (Shuttering)	150 – 400*
Steel Fixers	150 – 400*
Masons	50+
Helpers / General Labour	200+
Machine Operators	13
Electricians & Plumbers	6

Workforce strength is scalable based on project requirements. *

What Makes Our Workforce Different

EXPERIENCED RCC EXECUTION TEAMS	SKILLED SHUTTERING & FORMWORK SPECIALISTS	SAFETY-ORIENTED WORKING CULTURE
FLEXIBLE WORKFORCE DEPLOYMENT	TIMELY PROJECT EXECUTION	QUALITY-FOCUSED CONSTRUCTION PRACTICES

Our workforce combines experience, discipline, and teamwork to execute projects of varying scale with consistency and precision. Whether supporting residential towers, commercial developments, or institutional buildings, every team member plays a vital role in delivering the quality and reliability that define G Construction.

Why Choose G Construction ?

Partnering with developers to deliver high-rise RCC structures through engineering expertise, disciplined execution, and uncompromising quality.

ENGINEERING EXPERTISE

Specialized in high-rise RCC structural contracting with proven technical capability across residential, commercial, hospitality, institutional, and mixed-use developments.

PROVEN TRACK RECORD

Successfully executed 25+ projects covering 2.2+ million sq.ft, delivering consistent quality for leading developers.

SKILLED WORKFORCE

Supported by 400+ skilled professionals, including engineers, supervisors, machine operators, and specialized RCC construction teams.

ON-TIME DELIVERY

Structured planning, disciplined execution, and efficient resource management ensure projects remain on schedule.

QUALITY ASSURANCE

Strict quality control through systematic inspections, engineering standards, and continuous site supervision.

MODERN EQUIPMENT

Well-maintained machinery and advanced construction equipment enable efficient, safe, and high-quality execution.

SAFETY FIRST

A strong safety culture with trained personnel, compliance with site regulations, and proactive risk management.

TRUSTED PARTNERSHIPS

Long-term relationships built through transparency, reliability, technical competence, and consistent project performance.

CLIENT-FOCUSED EXECUTION

We collaborate closely with developers, consultants, and project teams to achieve project objectives efficiently.

Choosing the right RCC structural contractor is fundamental to the success of every development. At G Construction, we combine engineering expertise, experienced professionals, modern equipment, and disciplined project execution to consistently deliver safe, high-quality structures on time.

Our Services

Building Strength. Delivering Excellence

At G Construction, we specialize in the execution of Reinforced Cement Concrete (RCC) structures for residential, commercial, and high-rise developments. Backed by experienced engineers, supervisors, and a skilled workforce, we deliver safe, efficient, and high-quality structural construction while adhering to project schedules and industry standards.

RCC Structural Execution

Complete execution of RCC structures for residential, commercial, and high-rise projects.

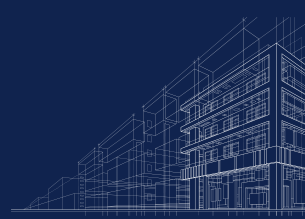

- Foundations
- Columns & Beams
- Slabs
- Shear Walls
- Lift Cores
- Staircases

Shuttering & Formwork

Accurate formwork installation for safe and high-quality concrete construction.

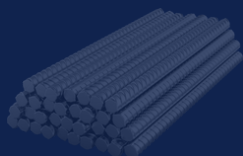

- Slab Formwork
- Beam Formwork
- Column Formwork
- Wall Formwork
- Conventional Shuttering
- Erection & Dismantling

Reinforcement (Steel Fixing)

Professional reinforcement installation as per approved structural drawings.

- Steel Cutting & Bending
- Bar Placement
- Cover Blocks
- Reinforcement Binding
- Steel Fixing for RCC Members

Skilled Workforce

Experienced manpower for efficient and safe project execution.

- Engineers
- Supervisors
- Carpenters
- Steel Fixers
- Masons
- Helpers

RCC Project Execution & Site Management

Complete execution of RCC structures for residential, commercial, and high-rise projects.

- Site Supervision
- Labour Management
- Daily Work Planning
- Construction Coordination
- Progress Monitoring
- Quality Control
- Safety Compliance
- Timely Project Delivery

Scope Clarification

G Construction specializes in RCC structural execution through skilled manpower, shuttering, reinforcement fixing, and site execution services. The supply of Reinforcement Steel (TMT Bars), Ready Mix Concrete (RMC), and other client-supplied materials remains the responsibility of the Client unless expressly included in the contractual scope of work.

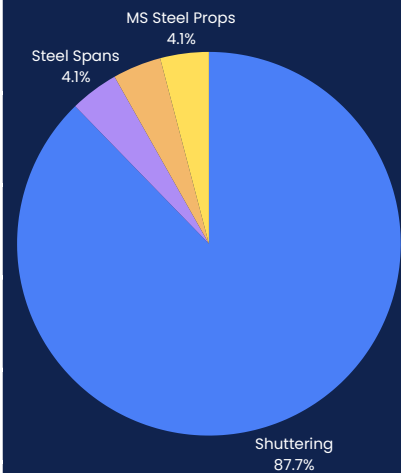

Equipment & Resources

Well-Equipped. Well-Managed. Project Ready.

At G Construction, we believe that the right combination of modern equipment, skilled workforce, and experienced management ensures the successful execution of every project. Our resources are carefully planned, well-maintained, and efficiently deployed to deliver quality construction on time, every time.

Equipment	Quantity
Shuttering (Cuplock system with ledger verticals)	1,50,000 Sqft.
Steel Bending Machines	8
Steel Cutting Machines	10
Steel Spans and ISMB	3,500+
MS Steel Props	3,500+

1,50,000+

Testimonials

Trusted by Leading Developers Across Mumbai

For over two decades, G Construction has built lasting relationships with developers, consultants, and project owners by consistently delivering high-quality RCC structures with safety, precision, and timely execution.

SAILESH MAHIMTURA

Builder – IBIS Hotel, Vile Parle (E)

"G Construction executed the RCC structure exactly as specified and maintained project timelines despite challenging site conditions. Their planning, coordination, and workmanship were excellent throughout."

PARANJAPE SCHEMES

Developer – Vijay Nagar Society, Andheri (E)

"Their team demonstrated exceptional professionalism, quality shuttering work, and strict adherence to safety standards. We were highly satisfied with the final outcome."

MUKUND CHAVLA

Developer – Trishul Heights, Kandivali (W)

"The RCC execution team was dependable, responsive, and maintained seamless coordination with our consultants from foundation to completion."

MAHENDRA J. KARA

Developer – Target Mall, Borivali (W)

"G Construction consistently achieved project milestones while maintaining excellent structural quality and workmanship."

HARIBHAI

Developer – Harsh Residency, Mira Bhayandar

"Their experience in high-rise RCC construction was evident throughout the project. Safety, quality control, and execution standards were maintained at every stage."

VEENA DEVELOPERS

Developer – Veena Smart Homes, Kandivali (W)

"The project team maintained clear communication, delivered quality work, and completed the RCC structure within the committed schedule."

Choosing the right RCC structural contractor is fundamental to the success of every development. At G Construction, we combine engineering expertise, experienced professionals, modern equipment, and disciplined project execution to consistently deliver safe, high-quality structures on time.
